Additional Information

I've received a ticket, what am I required to do?

First, you cannot simply ignore or delete the ticket. You are required by NRS 455.130 to respond to the ticket in one of three ways:

1: Mark your facilities that are near the proposed excavation : NRS 455.130(1)(a) Locate and identify the subsurface installations and, if known, the number of subsurface installations that are affected by the proposed excavation or demolition to the extent and to the degree of accuracy that the information is available in the records of the operator or can be determined by using techniques of location that are commonly used in the industry, except excavating, within 2 working days or within a time mutually agreed upon by the operator and the person who is responsible for the excavation or demolition

2: Remove or protect a subsurface installation as soon as practicable if the operator decides it should be removed or protected : NRS 455.130(1)(b)

3: Provide information to the excavator about the location of your facilities in relation to the proposed excavation : NRS 455.130(1)(c) To the extent and degree of accuracy that the information is available, provide information to an excavator where the operator's active or inactive subsurface installations are located.

Second, you need to then record the action you took when responding to the ticket with the Electronic Positive Response system. For more information on how you can post electronic positive responses for your tickets please visit ([pos res link](#))

You need to keep your contact information and area of interest mapping up to date

Visit the [Damage Prevention Portal \(link\)](#) to ensure your company account information is always updated and accurate. Incorrect or outdated information could lead to missing tickets and damaged facilities.

Do you need any help or assistance with your Underground Service Alert of Northern California and Nevada membership?

Contact our Member Services Department for help and assistance with your Underground Service Alert membership at memberservices@usan.org

Need excavation/law booklets or 811 stickers to hand out to your team or excavators in your region?

Go online to ([link](#)) to request excavation/law booklets, handouts, or stickers for you to distribute to your team or excavators in your region.
